Storage information

Shelf life

12 months

Storage temperature

< + 30 °C

Storage conditions

In original sealed containers and protected from moisture.

Additional information

Storage at temperatures below + 15 °C leads to turbidities in the product which can be reversed by heating to + 45 °C and stirring. Preferably the contents of complete containers should be processed. If necessary the contents can be homogenised by stirring.

Intended for use as cosmetic ingredient
